DETAILS

Hotel dasMEI opened its doors in 1904. After various renovations, you can now expect a state-of-the-art hotel in beautiful Mutters, a ten-minute drive south of Innsbruck's city center.

With **three meeting rooms**, dasMEI is ideally equipped for meetings of all kinds. All rooms have high-quality technical equipment and captivate with a mixture of modern and traditional furnishing elements, as well as a view of the countryside and towards Innsbruck. From the large **sun terrace** and through the **floor-to-ceiling windows** in the "dasMEI" and "Penthouse" rooms, you can easily see Innsbruck's impressive Olympic ski jump.

The **in-house conference butler** will make sure you are well taken care of during your meeting, and for lunch or dinner you will be offered excellent dishes from **regional and Asian cuisine** in the restaurant.

In your free time you can enjoy comfortable rooms, a **wellness area** and the **adventure mountain Muttereralm**, which is only a few minutes away from the hotel. DasMEI offers an in-house shuttle service to the Mutterer-Alm cable car.
