EQUIPMENT AND TECHNOLOGY

DETAILS

The 5-star wellness hotel is nestled in nature on the beautiful Mieminger Plateau. Surrounded by an impressive mountain panorama, fresh Tyrolean air and green meadows, a place for unique encounters has been created there, a place to feel good, a place for creativity. The alpine resort attaches great importance to sustainable development and is a Climate Alliance operation since 2023.

The event area of the Alpenresort Schwarz is located right next to the resort. The "Greenvieh Chalet" can be reserved exclusively for seminars and meetings for up to 160 people. From the roof terrace above, there is a fantastic view of the Mieminger Plateau. After the event, you can take a walk to the rustic Stöttlalm (www.stöttlalm.at). A unique event location for up to 100 people.

MEET AND GOLF - Directly in front of the hotel door there is a 27-hole golf course for all those who want to combine meeting and golfing.

In addition, the sunny Mieminger Plateau offers numerous outdoor activities in winter as well as in summer. How about a carriage ride through the snow, a ski tour through the breathtaking landscape, an e-bike tour along the fields on the plateau or a classic long walk in the sun? Either way, we recommend stopping at our Stöttlalm afterwards and enjoying the Tyrolean cuisine.

Here you find a 3D perspective of the location.
